

**Orientation Programme
For
Mathematics and Science Graduate Teachers of Kokrajhar District
Organized by
Internal Quality Assurance Cell, Kokrajhar Govt. College**

1. **Title:** Five Days Orientation Programme for Graduate Teachers of Kokrajhar District Schools

2. **Aims and objectives:** Continuously for several years, the result of HSLC Examination of BTC as a whole and Kokrajhar District, in particular, is far below state average. In terms of the ladder of ranks in SEBA conducted HSLC results, Kokrajhar district occupies one of the lowest rungs in Assam. To uplift the district from this pathetic condition several remedial measures have to be adopted urgently. The subjects in which students show poor performance are identified as Mathematics, Science and English. One of the reasons behind it is the teaching the subjects in a more traditional way. To reach these subjects to their (students) understanding level frequent orientation of the teachers is indispensable. This is one and foremost reason to organize an orientation programme for the graduate teachers in these subjects.

To upgrade the ranking of Kokrajhar district in SEBA result, the secondary level students must be taught well the fundamental concepts of the school level basic subjects, like Mathematics, Science and English. For this, the teachers must also be well trained and well versed in these basic subjects. A proper and timely orientation of the teachers will give a boost to the students to perform better in examinations in these subjects.

Kokrajhar district is mainly dominated by tribal people. Majority of the students in this district are hailing from rural tribal poor families. Due to lack of timely and proper guidance along with basic amenities from their families, these students cannot perform well up to their expected level. Even they cannot show their inherent talents due to such inextricably interrelated socio-economic reasons. By providing a platform to show their inherent talents in the schools, these poor but talented students can be uplifted which will help the society to develop. This will be possible if the teachers are oriented well. This is another reason of organizing this orientation programme.

The BTC authorities have been promoting the cause of education by financially assisting the meritorious and needy students of the region in pursuing higher education in IITs, IIMs, medical etc. and the rank holder students in HSLC and HSSLC examinations. For this great cause, if BTC authority organizes such orientation programmes through higher educational institutions of this region by providing financial assistance, the whole students' community of this region in general and the teachers, in particular, will be benefitted. We hope, by virtue of being the premier institute of education in BTC, the authorities will forward their helping hands by financially supporting this programme of reorienting the High Schools teachers of the concerned subjects that we are planning to organize biennially. This will definitely be great step to improve the overall result of the district.

3. **Geographic coverage:** Entire Kokrajhar district.

4. **Duration:** 5 Days; 22nd to 26th June 2016.

5. **Venue:** Kokrajhar Govt. College

6. **Target learners with expected number of participants:** 150

7. **Details of session:**

Date	09:30-10:30	10:30-12:00	12:00-1:00	1:00-2:00	2:15-3:15
22-06-2016	Registration	Inaugural Function	Lunch	Class	Class
	10:00-11:00	11:00-12:00	12:00-12:30	12:30-1:30	1:45-2:45
23-06-2016	Class	Class	Lunch	Class	Class
24-06-2016	Class	Class	Lunch	Class	Class
25-06-2016	Class	Class	Lunch	Class	Class
26-06-2016	Class	Class	Lunch	Valedictory Function	

8. **Expected outcome:**

- i. The programme will directly help the students to improve their results in the examinations, especially in the HSLC Examination thereby giving a support the district to escalate to a better position in the list of state level HSLC Examination's result performance.
- ii. The programme will act as a facilitator in the development of the cause of education in the entire BTC area.
- iii. Such types of programmes help students in the overall growth of their career.
- iv. This programme will motivate the teacher participants to perceive the root cause of the drawbacks of the students in their understanding level.
- v. This programme will introduce the teachers to the latest development of the concerned subjects.
- vi. Enhancement of the subjective knowledge of the teachers is another outcome of this programme.
- vii. This programme will help the teachers in reorienting their knowledge and ideas in a refreshing mode.

9. **Expenditure:**

Sl. No.	Item	Expenditure (in Rs.)	Remarks
1	TA/DA to resource persons	20,000.00	
2	TA to participants	30,000.00	
3	Local hospitality	1,10,000.00	
4	Printing	10,000.00	
5	Publicity	10,000.00	
6	Aronai	5,000.00	
7	Miscellaneous	15,000.00	

Total: Rs.2,00,000.00
(Rupees: Two lakh only)

10. **Sources of assistance:** B.T.C. Govt.

11. **Organizing committee:** To be finalized later on.

12. **Resource persons:** To be finalized later on.
